PREFACE

Dear Ladies and Gentlemen,

You are now holding the new HENLE price list 2025 in your hands. This is valid from 01.04.2025. The 2024 price list will therefore cease to be valid on 31.03.2025. There are some changes to the previous model in this price list, which we would like to briefly present to you.

There are also a few new products this year. First of all, the tiltrotator bucket has been one of our standard products since this year and is available in various sizes. It has been

specially developed for use with a tiltrotator. The extremely conical shape of the tiltrotator bucket makes it possible to work flexibly and efficiently even in confined construction sites.

The grading beam has also recently been added to our product portfolio. It enables large areas to be leveled quickly and efficiently. Thanks to its sophisticated design and the flexible, bolted adapter plate, it can be used in a variety of ways.

In addition, the levelling beam has a practical transport function and can transport a stacking

device and a bucket at the same time. All you have to do is insert the stacking device into the lugs provided and secure the bucket in the holder.

The new additions to the product portfolio are rounded off by the combination adapter. This is the perfect solution for construction sites where different quick coupler sizes are used. This means that attachments equipped with the combination adapter can be used by excavators with our QC quick couplers of different sizes. Only one pin needs to be inserted or removed during conversion – quickly, easily and without

great effort. This makes switching between sizes extremely easy.

We hope you get on well with the new price list. That's why we always welcome your (constructive) feedback.

We wish you all the best for the year 2025 –
Your HENLE team

DITCH-CLEANING BUCKET RIGID CLASS 1S

OPERATING WEIGHT 2 TO 2.5 T

Bottom and side parts 5mm, side sickles HB400 6mm, cutting edge HB400 150x16mm, stiffening sickle, suitable QC03HT

Cutting width [mm]	Capacity [m³]	Weight [kg]	Price
1000	0.097	77	885 €
1200	0.118	88	907 €
1300	0.129	94	918 €

Additional charge with screw-on reversible 150x16mm per meter 302 €

Additional charge with rear cutting edge 110x12mm per meter 149 €

DITCH-CLEANING BUCKET TILTING CLASS 1S

OPERATING WEIGHT 2 TO 2.5 T

Bottom and side parts 5mm, side sickles HB400 6mm, cutting edge HB400 150x16mm, stiffening sickle, 1 cylinder 2x45°, suitable QC03

Cutting width [mm]	Capacity [m³]	Weight [kg]	Price
1000	0.097	113	1,830 €
1200	0.118	124	1,849 €
1300	0.129	130	1,859 €

Additional charge with screw-on reversible 150x16mm per meter 302 €

Additional charge with rear cutting edge 110x12mm per meter 149 €

Additional charge with adapter QC03HT 41 €

OPERATING WEIGHT 2 TO 2.5 T

DEMOLITION AND SORTING BUCKET CLASS 2 WITH SKELETON BARS

OPERATING WEIGHT 2 TO 2.5 T

Skeleton bars 15mm, bar distance 40mm, side parts 6mm, side sickles HB400 6mm, cutting edge HB500 150x16mm, welded or screwed tooth system, suitable QC03HT

Cutting width [mm]	Capacity [m ³]	Weight* [kg]	Teeth	Price teeth welded	Price teeth screwed
500	0.067	78	4	875 €	860 €
600	0.083	86	4	1,098 €	1,043 €
700	0.099	95	5	1,195 €	1,130 €
800	0.115	106	5	1,304 €	1,239 €

* Je nach bar distance kann das Weight variieren.

DEMOLITION AND SORTING BUCKET CLASS 2 WITH SKELETON BARS

OPERATING WEIGHT 2 TO 2.5 T

Skeleton bars 15mm, bar distance 40mm, side parts 6mm, side sickles HB400 6mm, cutting edge HB500 150x16mm, without teeth (with drill holes), suitable QC03HT

Cutting width [mm]	Capacity [m ³]	Weight* [kg]	Price
500	0.067	72	840 €
600	0.083	80	1,023 €
700	0.099	87	1,105 €
800	0.115	98	1,214 €

* Depending on the bar distance the weight can vary.

OPERATING WEIGHT 2 TO 2.5 T

TILTROTATOR BUCKET CLASS 1/2

OPERATING WEIGHT 1 TO 2.5 T

Bottom HB450 5mm, side parts 4mm, side cutting edges HB450 8mm, cutting edge HB500 110x12mm, suitable QC03

Cutting width [mm]	Capacity [m ³]	Weight [kg]	Price
600	0.054	40	on request
900	0.090	58	on request

LEVELING BEAM

OPERATING WEIGHT 1 TO 2.5 T

Wear plates made of highly wear-resistant HB450, cutting edge made of HB500, with screwed adapter, suitable QC03HT

Width [mm]	Height [mm]	Weight [kg]	Price
1250	160	240	2,526 €

TELE BUCKET

OPERATING WEIGHT 2 TO 6.5 T

Bottom and side parts 8mm, cutting edge HB500 150x16mm, suitable QC03HT

Cutting width [mm]	Height [mm]	Weight [kg]	Price
150	600	42	701 €
150	800	46	812 €

OPERATING WEIGHT 2 TO 2.5 T

SPADE BUCKET

OPERATING WEIGHT 2 TO 6.5 T

Bottom and side parts 10mm, cutting edge HB500 200x20mm, suitable double adapter QC03/QC03HT

Cutting width [mm]	Length [mm]	Weight [kg]	Price
320	1000	95	970 €
Additional charge with replaceable blade			107 €

ROOT CUTTER

OPERATING WEIGHT 2 TO 6.5 T

Cutting edge HB450 15mm, suitable QC03

Cutting width [mm]	Height [mm]	Weight [kg]	Price
125	290	38	853 €
Additional charge with adapter QC03HT			41 €

RIPPER TOOTH

OPERATING WEIGHT 2 TO 6.5 T

HB450 leg with changeable tooth tips, ripper tooth J250, suitable QC03

Height [mm]	Leg [mm]	Weight [kg]	Price
479	50	68	873 €
Special tooth for clearing work			143 €
Additional charge with adapter QC03HT			41 €

OPERATING WEIGHT 2 TO 2.5 T

GRAB RAKE

OPERATING WEIGHT 2 TO 3,8 T

HB450 legs with changeable ripper teeth, leg thickness 30mm, ripper tooth J200, suitable QC03

Legs	Width [mm]	Weight [kg]	Price
3	600	84	1,239 €
4	800	107	1,498 €
Additional charge with adapter QC03HT			41 €

EXCAVATOR RAKE

OPERATING WEIGHT 2 TO 6.5 T

HB450 legs, leg thickness 12mm, leg spacing 80mm, suitable QC03

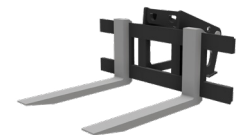

Width [mm]	Legs	Weight [kg]	Price
1500	17	95	1,421 €
2000	23	125	1,570 €
Additional charge with adapter QC03HT			41 €

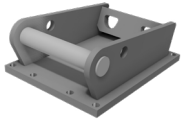

STACKING SYSTEM

FEMII, max. load capacity to 2.5 t, with stand, suitable QC03

Fork carrier width [mm]	Fork prongs length [mm]	Weight [kg]	Price
1200	1200	115	2,639 €
Additional charge with adapter QC03HT			41 €

When ordering, please state the type of tiltrotator if you are using the stacking system with a tiltrotator.

MOUNTING PLATE

Type	Price with drilling pattern
QC03	569 €

LOAD HOOK ADAPTER

incl, swivel hook, lifting capacity swivel hook 3.15 t

Type	Weight [kg]	Price
QC03	30	661 €

OPERATING WEIGHT 2.5 TO 3.8 T

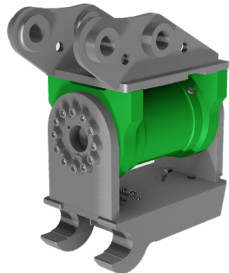

QUICK COUPLER – HENLE QUICKCHANGE

OPERATING WEIGHT 2 TO 6.5 T

Compatible with system Lehnhoff, hydraulic quick coupler with single or double-acting cylinder and drop protection

Type	Version	Cylinder [hydr,]	Weight [kg]	Price
QC03M	mechanical	-	30	1,117 €
QC03SHF	hydraulic	single-acting	32	1,574 €
QC03Hp	hydraulic	double-acting	33	2,078 €
Installation kit QC03SHF, single-acting (12V or 24V)				on request
Installation kit QC03Hp, double-acting (12V or 24V)				on request
Additional charge with welded load hook 3 t				182 €

TILT COUPLER – QUICKCHANGE/ HKS

OPERATING WEIGHT 2.3 TO 4.2 T

Quick coupler QuickChange with hydraulic tilt motor from HKS incl, load safety valve, no tubing*, incl, hose holder, tilt range 178°

Type	Operating weight [t]	Version	Cylinder [hydr,]	Weight [kg]	Price
QC03M-BV115	2.3 to 4.2	mechanical	-	87	5,111 €
QC03SHF-BV115	2.3 to 4.2	hydraulic	single-acting	89	5,644 €
QC03Hp-BV115	2.3 to 4.2	hydraulic	double-acting	91	5,999 €
Installation kit QC03SHF, single-acting (12V or 24V)					on request
Installation kit QC03Hp, double-acting (12V or 24V)					on request
Additional charge with welded load hook 3 t					182 €

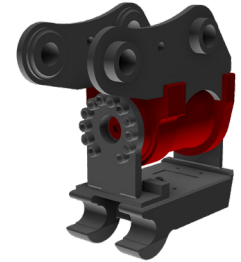

*for mechanical quick couplers; for hydraulic quick couplers, it is hoses to the top edge of the engine

OPERATING WEIGHT 2.5 TO 3.8 T

TILT COUPLER – QUICKCHANGE/ POWERTILT

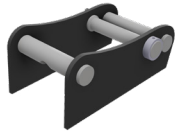

OPERATING WEIGHT 2 TO 5 T

Quick coupler QuickChange with hydraulic tilt motor from PowerTilt incl, manifold and oil connection for hydraulic quick coupler, no tubing, tilt range 180°

Type	Operating weight [t]	Version	Cylinder [hydr,]	Weight [kg]	Price
QC03M-PT030	2 to 3	mechanical	-	61	6,101 €
QC03SHF-PT030	2 to 3	hydraulic	single-acting	63	6,522 €
QC03Hp-PT030	2 to 3	hydraulic	double-acting	65	6,923 €
QC03M-PT050	3 to 5	mechanical	-	79	7,060 €
QC03SHF-PT050	3 to 5	hydraulic	single-acting	80	7,542 €
QC03Hp-PT050	3 to 5	hydraulic	double-acting	82	7,882 €
Installation kit QC03SHF, single-acting (12V or 24V)					on request
Installation kit QC03Hp, double-acting (12V or 24V)					on request
Additional charge with welded load hook 3 t					182 €

OPERATING WEIGHT 2.5 TO 3.8 T

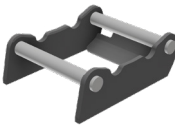

COMBI ADAPTER

Type	Weight [kg]	Price
QC01/QC03	25	720 €
QC03/QC08	42	830 €

WELDING ADAPTER – QUICKCHANGE

Type	Weight [kg]	Price
QC03	15	127 €
QC03HT	17	168 €
QC03 with base plate (420x250x15mm)	26	234 €

WELDING ADAPTER – OILQUICK

OPERATING WEIGHT 1 TO 5 T

Type	Weight [kg]	Price
OQ40	15	254 €
OQ40-5	15	264 €

GRIPPER ADAPTER WITHOUT UNIVERSAL JOINT

Type	Weight [kg]	Price
QC03	23	490 €

GRIPPER ADAPTER WITH UNIVERSAL JOINT

Type	Weight [kg]	Price
QC03	32	814 €

OPERATING WEIGHT 2.5 TO 3.8 T

BACKHOE BUCKET CLASS 2S

OPERATING WEIGHT 2.5 TO 3.8 T

Bottom and side parts 8mm, side sickles HB400 6mm, cutting edge HB400 150x20mm, welded or screwed tooth system, suitable QC03HT or OQ40

Cutting width [mm]	Capacity [m³]	Weight [kg]	Teeth	Price teeth welded	Price teeth screwed

Additional charge with adapter QC08 or QC08HT

80 €

OPERATING WEIGHT 5 TO 6.5 T

LEVELING BEAM

OPERATING WEIGHT 2.5 TO 6.5 T

Wear plates made of highly wear-resistant HB450, cutting edge made of HB500, with screwed adapter, suitable QC03HT

Width [mm]	Height [mm]	Weight [kg]	Price
1250	160	250	2,526 €
1500	160	268	2,850 €

TELE BUCKET

OPERATING WEIGHT 2 TO 6.5 T

Bottom and side parts 8mm, cutting edge HB500 150x20mm, suitable QC03HT

Cutting width [mm]	Height [mm]	Weight [kg]	Price
150	600	42	701 €
150	800	46	812 €

SPADE BUCKET

OPERATING WEIGHT 2 TO 6.5 T

Bottom and side parts 10mm, cutting edge HB500 200x20mm, suitable double adapter QC03/QC03HT

Cutting width [mm]	Length [mm]	Weight [kg]	Price
320	1000	95	970 €

Additional charge with replaceable blade

107 €

OPERATING WEIGHT 5 TO 6.5 T

ROOT CUTTER

OPERATING WEIGHT 2 TO 6.5 T

Cutting edge HB450 15mm, suitable QC03

Cutting width [mm]	Height [mm]	Weight [kg]	Price
125	290	38	853 €
Additional charge with adapter QC03HT			41 €

RIPPER TOOTH

OPERATING WEIGHT 2 TO 6.5 T

HB450 leg with changeable tooth tips, ripper tooth J250, suitable QC03

Height [mm]	Leg [mm]	Weight [kg]	Price
479	50	68	873 €
Special tooth for clearing work			143 €
Additional charge with adapter QC03HT			41 €

GRAB RAKE

OPERATING WEIGHT 3.8 TO 6.5 T

HB450 legs with changeable ripper teeth, leg thickness 35mm, ripper tooth J200, suitable QC03

Legs	Width [mm]	Weight [kg]	Price
3	700	109	1,569 €
4	900	139	1,924 €
Additional charge with adapter QC03HT			41 €

OPERATING WEIGHT 5 TO 6.5 T

EXCAVATOR RAKE

OPERATING WEIGHT 2 TO 6.5 T

HB450 legs, leg thickness 12mm, leg spacing 80mm, suitable QC03

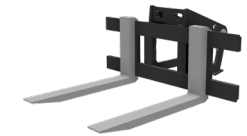

Width [mm]	Legs	Weight [kg]	Price
1500	17	95	1,421 €
2000	23	125	1,570 €
Additional charge with adapter QC03HT			41 €

STACKING SYSTEM

FEMII, max. load capacity to 2.5 t, with stand, suitable QC03

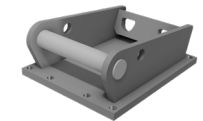

Fork carrier width [mm]	Fork prongs length [mm]	Weight [kg]	Price
1200	1200	115	2,639 €
Additional charge with adapter QC03HT			41 €

When ordering, please state the type of tiltrotator if you are using the stacking device with a tiltrotator.

MOUNTING PLATE

Type	Price with drilling pattern
QC03	569 €

LOAD HOOK ADAPTER

incl, swivel hook, lifting capacity swivel hook 3.15 t

Type	Weight [kg]	Price
QC03	30	661 €

OPERATING WEIGHT 6.5 TO 8.5 T

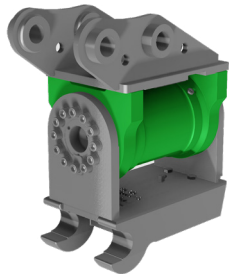

QUICK COUPLER – HENLE QUICKCHANGE

OPERATING WEIGHT 6.5 TO 12 T

Compatible with system Lehnhoff, hydraulic quick coupler with double-acting cylinder and drop protection

Type	Version	Weight [kg]	Price
QC08M	mechanical	85	2,294 €
QC08Hp	hydraulic	100	3,355 €
Installation kit QC08Hp (12V or 24V)			on request
Additional charge with welded load hook 5 t			256 €

TILT COUPLER – QUICKCHANGE/

OPERATING WEIGHT 6.5 TO 10 T

Quick coupler QuickChange with hydraulic tilt motor from HKS incl. load safety valve, no tubing*, incl. hose holder, tilt range 178°

Type	Operating weight [t]	Version	Weight [kg]	Price
QC08M-BV130	6.5 to 7.5	mechanical	166	8,014 €
QC08Hp-BV130	6.5 to 7.5	hydraulic	180	9,638 €
QC08M-BV160	7.3 to 10	mechanical	193	9,328 €
QC08Hp-BV160	7.3 to 10	hydraulic	207	10,912 €
Installation kit QC08Hp (12V or 24V)			on request	
Additional charge with welded load hook 5 t			256 €	

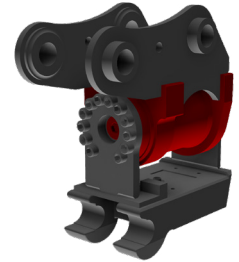

*for mechanical quick couplers; for hydraulic quick couplers, it is hoses to the top edge of the engine

OPERATING WEIGHT 6.5 TO 8.5 T

TILT COUPLER – QUICKCHANGE/ **POWER/TILT**

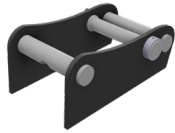

OPERATING WEIGHT 7 TO 10 T

Quick coupler QuickChange with hydraulic tilt motor from PowerTilt incl. manifold and oil connection for hydraulic quick coupler, no tubing, tilt range 180°

Type	Operating weight [t]	Version	Weight [kg]	Price
QC08M-PT100	7 to 10	mechanical	190	10,668 €
QC08Hp-PT100	7 to 10	hydraulic	198	12,140 €
Installation kit QC08Hp (12V or 24V)			on request	
Additional charge with welded load hook 5 t			256 €	

OPERATING WEIGHT 6.5 TO 8.5 T

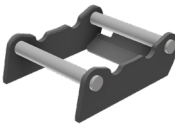

COMBI ADAPTER

Type	Weight [kg]	Price
QC03/QC08	42	830 €

WELDING ADAPTER – QUICKCHANGE

Type	Weight [kg]	Price
QC08	30	295 €
QC08HT	30	295 €
QC08 with base plate (460x350x20mm)	54	528 €

WELDING ADAPTER – OILQUICK

OPERATING WEIGHT 5 TO 12 T

Type	Weight [kg]	Price
OQ45/OQ45-5	29	366 €

GRIPPER ADAPTER WITHOUT UNIVERSAL JOINT

Type	Weight [kg]	Price
QC08	45	762 €

GRIPPER ADAPTER WITH UNIVERSAL JOINT

Type	Weight [kg]	Price
QC08	57	1,183 €

OPERATING WEIGHT 6.5 TO 8.5 T

BACKHOE BUCKET CLASS 4

OPERATING WEIGHT 6.5 TO 8.5 T

Bottom and side parts 8mm, side cutting edges 15mm, cutting edge HB400 200x20mm, welded tooth system, suitable QC08HT or OQ45-5

Bottom and side parts 12mm, cutting edge HB500 200x25mm, suitable double adapter QC08/QC08HT

Cutting width [mm]	Length [mm]	Weight [kg]	Price
400	1500	225	1,670 €
Additional charge with replaceable blade			171 €

OPERATING WEIGHT 6.5 TO 8.5 T

ROOT CUTTER

OPERATING WEIGHT 6.5 TO 12 T

cutting edge HB450 20mm, suitable QC08

Cutting width [mm]	Height [mm]	Weight [kg]	Price
175	315	73	1,168 €
Additional charge with adapter QC08HT			0 €

RIPPER TOOTH

OPERATING WEIGHT 6.5 TO 8.5 T

HB450 leg with changeable tooth tips, ripper tooth J300, suitable QC08

Height [mm]	Leg [mm]	Weight [kg]	Price
775	60	160	1,624 €
Special tooth for clearing work			171 €
Additional charge with adapter QC08HT			0 €

GRAB RAKE

OPERATING WEIGHT 6.5 TO 8.5 T

HB450 legs with changeable ripper teeth, leg thickness 35mm, ripper tooth J200, suitable QC08

Legs	Width [mm]	Weight [kg]	Price
3	800	136	2,030 €
4	1100	173	2,452 €
Additional charge with adapter QC08HT			0 €

OPERATING WEIGHT 6.5 TO 8.5 T

EXCAVATOR RAKE

OPERATING WEIGHT 6.5 TO 12 T

HB450 legs, leg thickness 15mm, leg spacing 120mm, suitable QC08

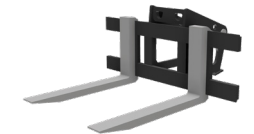

Width [mm]	Legs	Weight [kg]	Price
2500	20	235	2,296 €
Additional charge with adapter QC08HT			0 €

STACKING SYSTEM

FEMII, max. load capacity to 2.5 t, with stand, suitable QC08

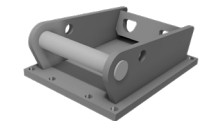

Fork carrier width [mm]	Fork prongs length [mm]	Weight [kg]	Price
1200	1200	139	2,853 €
Additional charge with adapter QC08HT			0 €

When ordering, please state the type of tiltrotator if you are using the stacking device with a tiltrotator.

MOUNTING PLATE

Type	Price with drilling pattern
QC08	932 €

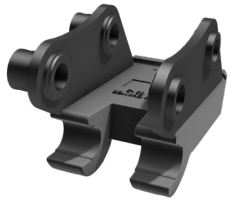

LOAD HOOK ADAPTER

incl. swivel hook, lifting capacity swivel hook 5.3 t

Type	Weight [kg]	Price
QC08	54	1,013 €

OPERATING WEIGHT 8.5 TO 12 T

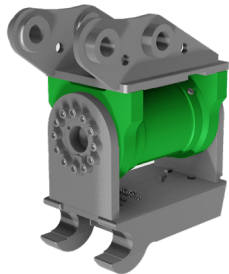

QUICK COUPLER – HENLE QUICKCHANGE

OPERATING WEIGHT 6.5 TO 12 T

Compatible with system Lehnhoff, hydraulic quick coupler with double-acting cylinder and drop protection

Type	Version	Weight [kg]	Price
QC08M	mechanical	85	2,294 €
QC08Hp	hydraulic	100	3,355 €
Installation kit QC08Hp (12V or 24V)			on request
Additional charge with welded load hook 5 t			256 €

TILT COUPLER – QUICKCHANGE/

OPERATING WEIGHT 7.3 TO 12 T

Quick coupler QuickChange with hydraulic tilt motor from HKS incl. load safety valve, no tubing*,
** incl. hose holder and tilt range 178°, ***tilt range 180°

Type	Operating weight [t]	Version	Weight [kg]	Price
QC08M-BV160**	7.3 to 10	mechanical	193	9,328 €
QC08Hp-BV160**	7.3 to 10	hydraulic	207	10,912 €
QC08M-BV180**	8.5 to 11	mechanical	244	9,572 €
QC08Hp-BV180**	8.5 to 11	hydraulic	261	11,328 €
QC08M-BV200***	9.8 to 12	mechanical	k. A.	11,272 €
QC08Hp-BV200***	9.8 to 12	hydraulic	k. A.	12,850 €
Installation kit QC08Hp (12V or 24V)				on request
Additional charge with welded load hook 5 t				256 €

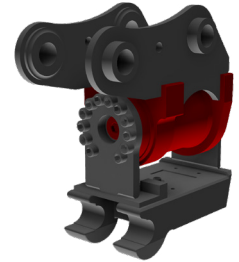

*for mechanical quick couplers; for hydraulic quick couplers, it is hoses to the top edge of the engine

OPERATING WEIGHT 8.5 TO 12 T

TILT COUPLER – QUICKCHANGE/ **POWER/TILT**

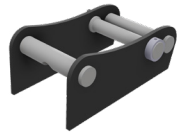

OPERATING WEIGHT 7 TO 10 T

Quick coupler QuickChange with hydraulic tilt motor from PowerTilt incl. manifold and oil connection for hydraulic quick coupler, no tubing, tilt range 180°

Type	Operating weight [t]	Version	Weight [kg]	Price
QC08M-PT100	7 to 10	mechanical	190	10,668 €
QC08Hp-PT100	7 to 10	hydraulic	198	12,140 €
Installation kit QC08Hp (12V or 24V)				on request
Additional charge with welded load hook 5 t				256 €

OPERATING WEIGHT 8.5 TO 12 T

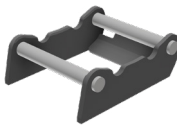

COMBI ADAPTER

Type	Weight [kg]	Price
QC03/QC08	42	830 €

WELDING ADAPTER - QUICKCHANGE

Type	Weight [kg]	Price
QC08	30	295 €
QC08HT	30	295 €
QC08 with base plate (460x350x20mm)	54	528 €

WELDING ADAPTER - OILQUICK

OPERATING WEIGHT 5 TO 15 T

GENERAL TERMS AND CONDITIONS OF SALE AND DELIVERY OF HENLE BAUMASCHINENTECHNIK GMBH (CURRENT AS OF NOVEMBER 2021)

§ 1 General Information – Scope of Application

(1) We, HENLE Bauamstechnik GmbH, provide our services exclusively under the conditions of these General Terms and Conditions of Sale and Delivery, regardless of the type of contract to which the transaction is to be attributed. Closing a contract with consumers is excluded. These General Terms and Conditions of Sale and Delivery shall also apply to future transactions with the customer, even if not expressly referred to.

(2) We reject any general terms and conditions (GTC) of the customer. Such GTC from the customer shall not become a part of a contract even if the customer has ordered or confirmed making reference to the customer's own general terms and conditions, and we do not object to this.

§ 2 Offers – Binding Effect

(1) Our offers are subject to change and to intermediate sale.

(2) If the order is to be qualified as an offer under § 145 of the German Civil Code (BGB), we can accept the offer within 2 weeks. In the case of a written offer, such time limit begins with the date of issue stated in the offer. The contract comes only into existence with a written acceptance or confirmation of the order respectively. Silence towards an offer by the customer is no such acceptance.

§ 3 Delivery Conditions

(1) Weight, dimensions and technical data, including the resistance to wear of our products, in any drawings, brochures, illustrations or any other documentation are approximate and non-binding and are neither assured characteristics nor guarantees, unless otherwise expressly agreed upon in writing.

(2) The object of the contract is the product sold that complies with the specific individual contract in which the characteristics, properties and intended use are stipulated. Other properties/characteristics or intended uses are relevant only if they have been expressly confirmed by us.

(3) We provide our delivery and services "ex Works", pursuant to Incoterms Revision 000, from our warehouse without packaging; packaging shall be invoiced separately. We shall ship the goods in a manner we deem appropriate, at the cost and risk of the customer. If the customer so desires, we shall take out an appropriate transport insurance policy that covers the delivery; the costs incurred in this respect are borne by the customer.

§ 4 Prices and Terms of Payment

(1) Value-added tax (sales tax) is not included in our prices; it is stated separately in the legal amount on the day of invoicing.

(2) Payments are due within 30 days of delivery of the goods without deduction. The statutory regulations apply in regards to the consequences of a delay in payment. We may, however, also demand payment in installments against delivery. The deduction of a discount is permitted only if this has been expressly agreed upon in writing.

(3) The customer may offset or exercise a right of retention only if and to the extent that the customer's counterclaims are undisputed or legally established.

(4) Bills of exchange and checks will be accepted as conditional payment. The customer bears the costs of the bill of exchange or check, including the discount charges.

(5) Should we perform in advance, the requirements of § 321 of the German Civil Code (BGB) shall apply if a bill of exchange or check from the customer has not been accepted, unless the customer is not responsible for this. If this occurs, all other payments are then immediately due, even if we have deferred them or exchanged them.

§ 5 Delivery Time

(1) Unless expressly agreed upon otherwise, the delivery times stated by us are always non-binding.

(2) If we are in delay of delivery and the customer experiences more than minor damages, our liability amounts to 1% of the delivery value of the delayed service for each whole week of delay, to a maximum of 10%. Further claims for damages are excluded, unless the damage is caused by gross negligence of one of our legal representatives or senior or simple agent.

(3) The above provisions do not apply to a commercial fixed transaction. However, we are liable only for foreseeable damages that are typical of this type of contract.

(4) Delays in delivery due to force majeure or to unforeseen circumstances not attributable to us, such as labor disputes and their consequences, are not our fault. An agreed-upon delivery period is extended by the duration of the hindrance plus an appropriate start-up period. Claims for damages are excluded in this case.

(5) We may partially perform.

§ 6 Warranty for Material Defects

(1) Claims for defects from the customer presuppose that the customer has properly complied with the customer's inspection and complaint obligations due pursuant to § 377 of the German Commercial Code (HGB). In regards to wear parts, their resistance to wear does not correspond to the contractually agreed condition only if the wear incurred substantially exceeds the expected extent, taking into account the type of application of the customer. In the case of disputes, the customer must give evidence of the operating conditions to which the delivered wear part was exposed.

(2) If our performance is deficient, our warranty for material defects is initially limited to supplementary performance, which we shall perform at our own discretion by removing the defect or by delivering a defect-free product.

(3) If we are unwilling or unable to replenish the goods, or there is a delay beyond reasonable time limits, or if we fail in any other way for reasons for which we are responsible, the customer may, at the customer's own discretion, withdraw from the contract or demand a reduction.

(4) If we refuse supplementary performance, the supplementary performance fails or is not reasonable to the customer, claim to all further claims, with the exception of reduction, especially indemnity is excluded. The exception are indemnity claims by the customer which are based on injury of life, body or health as well as liability for other damages which are caused by intentional or grossly negligent breach of duty by us or, one of our legal representatives or agents. In no event are we liable for damages that did not occur to the delivered object itself, such as lost profits or other assets.

(5) If the customer is entitled to make claims against us pursuant to § 478 of the German Civil Code (BGB), any claim for damages shall be excluded.

(6) When purchasing used items, any claims due to material defects put forth by the customer are excluded.

(7) Deviating from the statutory regulation, the customer's warranty claims are subject to a limitation period of 12 months. Prescription starts from the date of the transfer of risk.

(8) We are liable to the extent of the statutory provisions, provided the customer asserts claims for damages based on intent or gross negligence, including intent and gross negligence of our representatives or vicarious agents. The liability for damages is limited, under reserve of intentional breaches of contract, to foreseeable, typical damages.

(9) Unless otherwise stated above, liability is excluded.

(10) If the complaint turns out to be unjustified, the customer must reimburse the services we have rendered on the basis of a complaint according to our list prices.

§ 7 Warranty

(1) The assumption of a warranty by us presupposes that it has been expressly agreed upon in writing as such. In doing so, we must have stated unequivocally that we wanted to assume the liability for the guaranteed circumstance under all circumstances, even if we are not at fault. No such warranty is contained in the description of the service.

(2) If, in individual cases, we have assumed a warranty, the latter is, in the absence of other individual and written agreements, limited to six months, beginning with the delivery of the purchased item.

(3) Our liability under a warranty is limited to the replacement of the foreseeable damage that is typical for such a contract.

§ 8 Liability for Other Reasons / Exemption

(1) Further liability for compensation for damages as provided for in § 6 is excluded, without consideration of the legal nature of the claim asserted. This applies in particular to claims for damages arising from a breach of duty when concluding the contract, due to other breaches of duty or due to delictual claims for compensation for damage to property pursuant to Art, § 823 of the German Civil Code (BGB).

(2) This shall not apply if a material obligation, which arises from the nature of the contract and which would be jeopardized by the limitation of liability of the object of the contract, has been infringed upon. Our obligation to provide compensation shall, however, be limited to foreseeable damages typical for such a contract, unless we are responsible due to intent or gross negligence.

(3) The exclusion or limitation of liability also affects the persons who have acted for us, in particular for representatives of bodies, employees, workers, contractors, representatives and other vicarious agents.

§ 9 Retention of Title

(1) We retain ownership of the delivered goods until complete fulfillment of all our claims to payment – also from other shops – vis-a-vis the customer.

(2) In the case of a breach of contract by the customer, especially in the event of a delay in payment, we may repossess the delivered goods. The repossession of the purchase item by us constitutes a withdrawal from the contract. We are then authorized to negotiate freely. The proceeds from the sale are to be credited to the customer's liabilities less appropriate costs of realization and a profit margin which we would have earned if sold from our own portfolio or in trade.

(3) The customer shall handle the delivered item with care as long as the retention of title exists, and sufficiently insure it up to the new value, in particular against fire, water and theft damages. If maintenance and inspection work is required, the customer must carry it out in good time and at the customer's own expense. The customer hereby assigns the insurance claims to us.

(4) In case of attachments or other forms of intervention by third parties against our property, the customer shall make reference to the reservation of title and notify us immediately in writing so that we can bring an action pursuant to § 771 of the German Code of Civil Procedure (ZPO). If the third party is not in a position to reimburse us for the court and extrajudicial costs of an action pursuant to § 771 of the German Code of Civil Procedure (ZPO), the customer shall be liable for any loss incurred by us.

(5) The customer is allowed to resell the delivered item in any regular manner typical of its business operations. The customer hereby assigns to us all claims in the amount of the final invoice amount (including VAT), regardless of whether the customer was authorized or unauthorized, which can also come from a confirmation of balances from a current account agreed with the customer's consumer; the customer, however, has a revocable right to collect such receivables. At our request, the customer shall disclose the assigned claims and their debtors and shall provide all information necessary for collection, hand over the related documents, and notify the third party of the assignment in writing.

(6) The processing, modification or combining of the purchased item by the customer will always be carried out on our behalf. If the goods delivered are processed, modified or combined with other items not belonging to us, we acquire co-ownership of the new item in the ratio of the value of the delivered item (final invoice amount including VAT) to the value of the remaining items. The same applies equally to the newly created goods and to the goods delivered under retention of title; the transfer of the receivables from the resale, however, is limited to the proportion determined in Sentence 2.

(7) We may, at our discretion, release securities at the customer's request insofar as the securities value exceeds our claims by more than 30%.

§ 10 Choice of Law, Place of Jurisdiction, Place of Performance

(1) The legal relationship between the parties is exclusively governed by the law of the Federal Republic of Germany to the exclusion of the United Nations Convention on Contracts for the International Sale of Goods (UNCITRAL / CISG).

(2) Place of performance and – if the customer is a merchant – the court of jurisdiction for all claims arising out of or in connection with these General Terms and Conditions of Sale and Delivery is Rammingen, Germany. This place of jurisdiction is exclusive for all complaints issued by the customer. We may also, however, file suit against the customer in the general court of jurisdiction of the customer.

§ 11 Severability Clause

Should individual terms of the contract with the customer including the general terms and condition complete or in part are or become ineffective, the validity of all the other terms will not be affected. The completely or in part affected term shall be exchanged with a new term which economic success will be closest to the term that has become ineffective.
